HELPFUL INFORMATION

STITCH GAUGE—Important—Knitted and Crocheted garments are planned on the basis of working to a specified number of stitches and rows to 1 inch; this is referred to as the GAUGE. Required gauge is given at beginning of instructions. If this gauge is not obtained the finished garment will not be the correct size. The size needles or hooks recommended will give the average worker the correct gauge. However, if you do not obtain the gauge required, change the size needles or hooks to conform to the tension of your individual work; if your work is too loose use smaller size needles or hook to tighten gauge; if your work is too tight use larger size needles or hook to loosen gauge. You MUST get gauge given to insure proper size of finished garment.

MARKERS—Make a small loop of contrasting color yarn and place on needle at point or points indicated in instructions. Slip loop from left to right needle without knitting.

Note: Be sure to buy sufficient yarn of each color in the same dye lot number to complete the article. This is not necessary if you are buying Ever-Match Yarn or No-Dye-Lot Yarn.

MEASUREMENTS OF GARMENTS—The sizes of garments in this book are based on the standard body measurement given below. In the instructions an allowance has been made over the body measurements to give sufficient ease and insure correct fit. This allowance varies according to the style of garment, stitch, type of yarn, and gauge of knitting. To determine which size garment you should make, take your own accurate body measurements. Then use instructions for size with body measurements nearest to your own body measurements. If adjustment is necessary be sure to allow the same number of inches over body measurements as allowed on garment you intend to make. See standard body measurement chart below.

WEAVING STOCKINETTE STITCH—Thread a tapestry needle and bring pieces to be joined close together. Draw up yarn in first st on upper piece, inserting needle from wrong side; insert needle from right side in first st on lower piece and bring up through next st from wrong side—draw up yarn; * insert needle from right side in same st as before on upper piece and bring up through next st from wrong side—draw up yarn; insert needle from right side in same st as before on lower piece and bring up through next st—draw up yarn; repeat from * until all sts are joined, and fasten yarn well before breaking off.

SKP—sl 1, k 1, pass sl st over k st.

sl st—slip st—pass st from one needle to another without working it. Unless otherwise specified, always slip st as to p, except when dec.—as in slip, k and pass—, then slip as to k.

An asterisk (*) indicates that the instructions immediately following are to be repeated the given number of times in addition to the original.

Double Star (* *) and Dagger (†) are used in the same way.

BLOCKING OR STEAMING—To give a more tailored finish to knitted garments it is preferable to steam each piece separately. Care should be taken to block pieces to knitted shape. If the garment is sewn together first and blocked carefully after assembling, the result will also be satisfactory.

TO BLOCK OR STEAM SEPARATE PIECES—Lay pieces flat on pressing board, wrong side up, pin edges to board. Steam with moderately hot iron over a wet cloth, taking care not to let weight of iron rest upon any one spot. After blocking leave pinned until thoroughly dry. Do not steam ribbing.

TO BLOCK OR STEAM FINISHED GARMENT—Lay flat on pressing board, wrong side out. Pin to board. Steam first one side and when dry, steam other side. After blocking leave pinned until thoroughly dry, then steam all seams and crocheted edges. Do not steam ribbing.
